

MRS REAY'S CLASS ACTIVITIES

13th July to 17th July 2020

This week our class activities are based on **Animals - air**

Email photographs of your work or you doing some activities to me using your Hwb Email Account. My address is ClaytonH11@hwbcymru.net I will have a look at your work and share some examples on the school website.

Here's some activities for you to do this week:

Monday:

Have a look on google images at different bird houses. Have a go at designing your own bird house. Have a think about; What shape is best? Will it hang from something or be free standing? How much space do you think it will need inside? Does it need to be colourful?

Tuesday:

The whooping crane is an endangered animal from North America. Can you create a fact file about them using pen and paper, word document or power point?

You must include the following;

Name,

Where it's from

What it looks like

How many are left in the wild

What they eat

Why are they endangered

Wednesday:

Pick an animal from this website and have a go at creating it. All you need is paper and the instructions. Remember this week is all about animals in the air.

<https://www.origamiway.com/origami-animals.shtml>

Thursday:

Pick an animal that flies and research it finding out some interesting facts. Write a poem about that animal including some of your facts.

Friday:

Butterflies are symmetrical. Find items around your home and create a symmetrical shape. It could be something like an animal person or you could just make a random symmetrical shape. It seems harder than you think as you will need two of the same thing! I look forward to seeing these!

Other ideas:

If you have a printer at home there are lots of resources about animals: www.twinkl.com

Don't forget:

If you use Read Write Inc. at school visit:

https://www.youtube.com/channel/UCo7fbLgY2oA_cFCI9GdxtQ to practice those Speed Sounds.

Visit <https://www.oxfordowl.co.uk/home/reading-site/find-a-book/library-page?view=image&series=Read+Write+Inc.> to read some special Read Write Inc. books

Practise those TIMES TABLES over and over again. They're really important and the quicker you can recall the answers the easier Maths will become.

Do some handwriting practise too – copy out the words from your favourite story. You only need to do 1 paragraph or so. Remember those joins. If you can't remember have a look at this: <https://www.twinkl.co.uk/resource/t-l-526897-twinkl-handwriting-continuous-cursive-desktop-handwriting-mat>

Remember to have fun!!! That's the most important thing when learning.

I hope you have enjoyed all your home learning activities. I am very impressed with all the hard work you have done over the last term. I am super proud of you all!

I hope you have a wonderful summer! See you in September! Stay safe everyone!

Mrs Reay xx
