An alien has landed on Earth, he has got lost. Draw a WANTED posted to try and get him back to his own planet.

Draw a picture of an alien. Then think of some words to describe him. You could ask an adult to help you spell them.

Think of some red words or sounds that you need to practise, write them out in a sentence or draw a picture next to them.

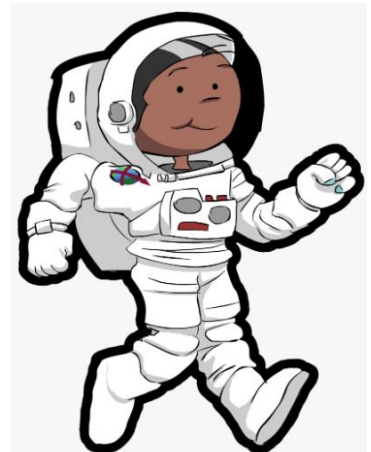

Ask an adult to help you find out about one of the Planets. Draw a picture and write what it is called. Add some facts if you can.

Can you write as many different words you can think of to do with Space. Write them down and draw some pictures to go with them.

Write some questions you would like to ask an astronaut if you ever got to meet one. Remember to end them with a question mark?

Imagine you are in a rocket, which things would you see out of your window? Write a list and draw some pictures or you could write a description.

Draw and colour a picture of an astronaut, label the different parts of his suit.

Ask an adult to log on to the Read Write inc website. [Reading | Oxford Owl](https://www.readwriteinc.com/) Have a look at some of the stories and activities and see if you can do any.
