

Home Learning – Monday 11th January

Maths!

I hope you all had a lovely weekend!

You all did so well with shapes last week, this week we are going to be looking at telling the time!

Today, I would like you to make your very own clock. You can draw it or make one on a paper plate with moving hands! Think about what number the clock goes up to and how many hands there are and what they are used for!

English!

We have had some snow this weekend, I hope you managed to go outside and have some fun! I would like to build a snowman next time, but I forgot how! Can you write a set of instructions on how to build one?

- ✓ Full stops
- ✓ Capital letters
- ✓ Correct order
- ✓ Number each step

Topic!

Today, I want you to go for a winter hunt with a responsible adult. Write a list and draw a picture of what you are going to look out for and see how many you find!

Please send any work to BarnesS15@hwbcymru.net x
