

Numeracy Tasks – Year 3 & 4

Choose any of the tasks below to keep yourself busy ...

326	736	278	67	736
98	164	873	982	46
647	278	83	273	536

Use the numbers in the yellow box at the top of the page. Put them in a vertical addition and add them. If you need to carry, put ty hanging on the maths table.

Use the numbers in the yellow box at the top of the page. Put them in a vertical subtraction, remember to put the bigger number on top. Remember you may need to take from next door.

Choose some of the numbers then order them from smallest to biggest.

Choose some of the numbers above. Split them into hundreds, tens and units.

Multiplication Table 

x	1	2	3	4	5	6	7	8	9	10
1	1	2	3	4	5	6	7	8	9	10
2	2	4	6	8	10	12	14	16	18	20
3	3	6	9	12	15	18	21	24	27	30
4	4	8	12	16	20	24	28	32	36	40
5	5	10	15	20	25	30	35	40	45	50
6	6	12	18	24	30	36	42	48	54	60
7	7	14	21	28	35	42	49	56	63	70
8	8	16	24	32	40	48	56	64	72	80
9	9	18	27	36	45	54	63	72	81	90
10	10	20	30	40	50	60	70	80	90	100

Choose some of the number above and round them to the nearest 10 and 100.

Use a tape measure or your hands to measure different objects around your home.

Practise your times tables. You could log on to Hwb (ask your teacher for your email address if you are unsure) and play J2Blast which is in the "Just2Easy" section.

How many different ways can you make 50p?
Write them down on some paper. You might want to draw the coins to help you.

Choose some of the numbers from the box and multiply them by 10 and 100.

Collect some data from around your house, your toys, recycling etc, draw a bar graph or pictogram to show the data.

Choose a number from the yellow box. Double the number (add 2 together or multiply it by 2.)

If you have some technology, you could play some games on the [Fun maths games and activities | Oxford Owl](#) website.
