

## Dosbarth Miss Davies - Home Learning

Tuesday 12<sup>th</sup> January

### Zog

Our story this week is Zog.  
If you have not got the book or read the story  
here is a link to the book.

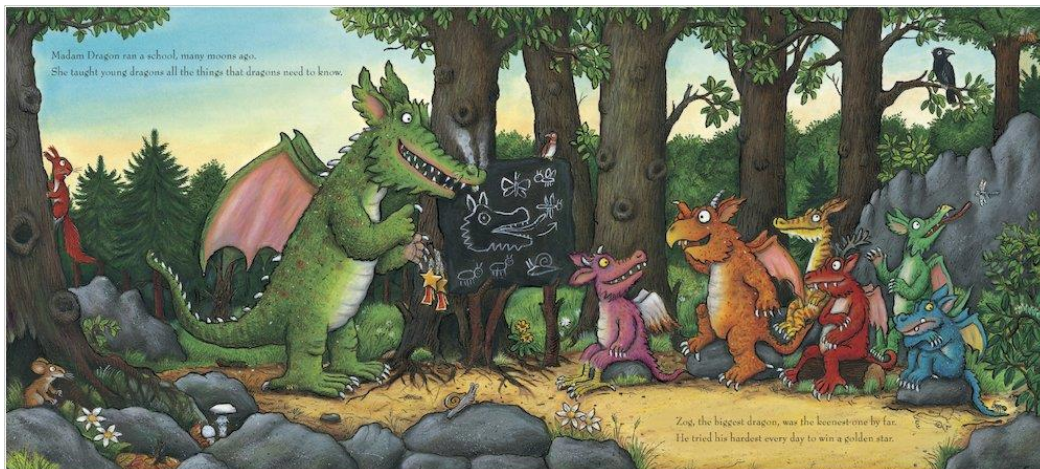

[ZOG BOOK - Bing video](#)

### School Report

Madam Dragon will need to write Zog a school report this year, do you think you can help her write Zog's report? When teachers write a school reports we must think of things that you are good at, things you enjoy, and we share your next steps with your adults at home.

Things to include:

- What Zog enjoys doing.
- What Zog is good at.
- What could be Zog's targets for next year?

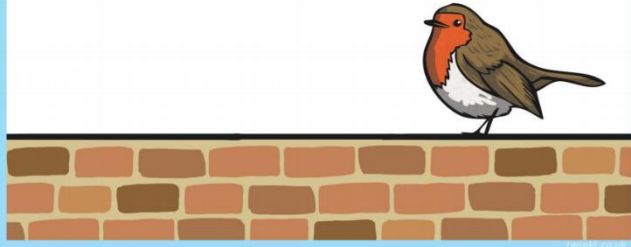

## Maths

Word problems, you must remember to read them carefully.

Year 2 Winter Addition and Subtraction

19 robins were sitting on a wall. 13 more came to join them. How many robins were on the wall altogether?

Year 2 Winter Addition and Subtraction

A cup of hot chocolate had 42 marshmallows in it. 28 of them have melted. How many marshmallows are left?

Year 2 Winter Addition and Subtraction

On Saturday, there was 37cm of snow on top of the postbox. By Tuesday, 29cm had melted. How much snow was left on the postbox?

## Geography

Draw a map showing Zog's route to school. You could write your directions down too to match your map. You will need to use your imagination to decide what he might pass on his way to school.

I am looking forward to seeing your work today.  
All work should be emailed to [Daviesf47@hwbcymru.net](mailto:Daviesf47@hwbcymru.net)

Thank you  
Miss F Davies
