

Home Learning – Tuesday 12th January

Maths

Aliens are vegetarian but also candyarian, which means they have an extremely sweet tooth! They love chocolate, cakes and desserts. Furthermore, they are very fond of fizzy drinks. Their favourite food is ice cream. Look at the data collected about a group of aliens who visited Earth, and draw a bar graph to represent this data. Label your axes and give your graph a title. Colour your graph.

Food	Total
Dr Pepper	9
Dairy Milk Chocolate	8
Haribos	11
Chocolate Chip Ice Cream	18
Sponge Cake	6
Donuts	13

English

Design a poster displaying a set of rules for any future aliens visiting your home. Remember to make your poster attractive, bold and colourful. Give your poster a title and use a clear font. You should have a minimum of 5 rules.

Topic

Creative Challenge: Create your own alien. You could draw, sketch or paint your alien, or make one from recycled materials, lego or play dough. The choice is yours!

Remember keep practicing your times tables and do 20 minuets of reading if possible.

I can't wait to see all your wonderful work.
