

Home Learning – Wednesday 13th January

Maths!

When the time is 'half past _____' the big hand is half way around the clock.

Cut the circle in half from 12 all the way down, which number are you on? That's right 6! Half past is always on the number 6! See if you can draw the two hands on these clocks.

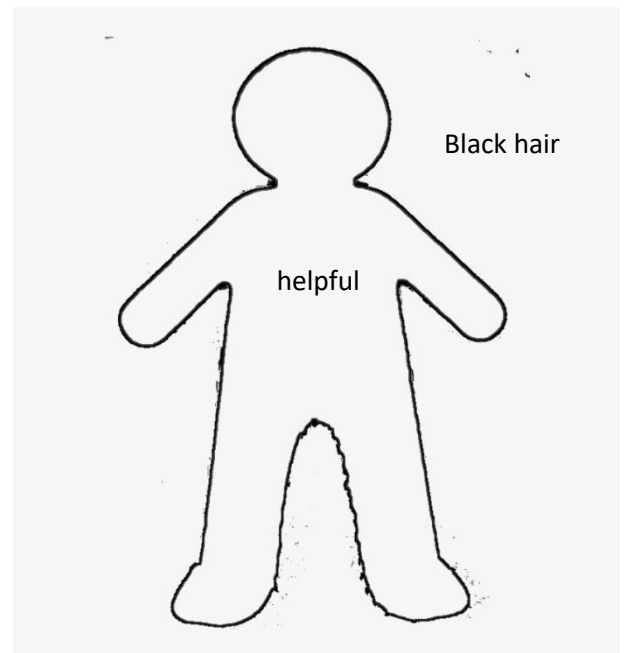

English!

Let's read One Snowy Night again!

<https://www.youtube.com/watch?v=K-8AAisU1wo>

Once you have read the story, I would like you to think about Percy and how you would describe him! We are going to think about what he looks like and his personality. Draw a person and on the inside of the person you are going to write words to describe his personality, kind, helpful etc. On the outside of the person you are going to describe what he looks like, black hair, rosy cheeks.

Remember to Fred talk,
listen to the sounds in
each word.

Topic!

Today we are going to do a science experiment with ice!

Your task is to find the quickest way to melt ice.

heat

cold

water

salt

sugar

other

Draw what you will need for the experiment:

What do you think will happen?

I predict that _____ will melt the ice the quickest.

I predict that _____ will melt the ice the slowest.

Draw what happened:

Please send any work to BarnesS15@hwbcymru.net x
