

DOSBARTH MISS LLOYD ACTIVITIES
Thursday 8th July 2021

English:

As you all know who your new teacher is in September, and they've written you a letter telling you a bit about them, I thought it would be nice to write a letter to your new teacher (either myself, Miss F. Davies or Miss C. Davies), telling them a bit about you! Make sure to include things such as: your name, how old you are, who you live with at home, what your hobbies and interests are, what subjects you enjoy at school and what you are looking forward to most next year. Here is an example of the kinds of things you could write:

Dear Miss Lloyd,

My name is John and I am 8 years old. I live with my mum and my older sister, Jenny. I really enjoy playing football and my favourite thing to do at the minute is to watch the Euros... I think England is going to win this year! I also like playing Super Mario on my PlayStation with my sister and my friends.

At school, my favourite subject is Maths. I like Maths because I am really good at it and I like challenging myself with big numbers. I really enjoyed our Dinosaurs topic this year, I'd love to be able to travel back in time and see dinosaurs in the flesh! I also liked our Space topic and I would love to one day go into space and visit the International Space Station.

Next year, I'm looking forward to meeting all the new people in our class, learning all about our new topics and P.E. lessons. I can't wait to be in your class in September!

Have a nice summer!

Yours sincerely,
John

Maths:

Today we are going to practise multiplication. I have done the first one for you:

$$\begin{array}{r} X \quad 20 \quad 3 \\ 10 \quad 200 \quad 30 \\ 5 \quad 100 \quad 15 \\ \hline 300 \quad 45 \end{array}$$

And then add it up...

$$\begin{array}{r} 3 \quad 0 \quad 0 \\ + \quad 4 \quad 5 \\ \hline 3 \quad 4 \quad 5 \end{array}$$

- | | |
|---------------------|----------------------|
| 1. $23 \times 15 =$ | 6. $55 \times 13 =$ |
| 2. $45 \times 17 =$ | 7. $45 \times 15 =$ |
| 3. $36 \times 21 =$ | 8. $32 \times 11 =$ |
| 4. $42 \times 23 =$ | 9. $26 \times 14 =$ |
| 5. $43 \times 12 =$ | 10. $28 \times 21 =$ |

Topic:

Create your own animal using different parts of safari animals. You could have a giraffe's neck, a lion's mane, a leopard's body and a hippo's feet! Don't forget to colour your new animal in neatly and name your creation!

Reading:

You can now access the Oxford Reading Tree reading books online in eBook versions. We have a class login. Go to <https://www.oxfordowl.co.uk/login?active-tab=students>.

The class username is: **misslloyd1**

The password is: **year3/4**

If you are having trouble accessing Oxford Owl, or you are not sure which Reading Stage you are on, send me an email!

Remember to email me any work you complete, you can take a picture of it or send it me from your Hwb account, my email is LloydC403@hwbcymru.net.

I am missing you all so much and absolutely love seeing the work you send me! I hope to see you all very soon.
