

Christmas Home Learning – Year 1 & 2

Can you write a set of instructions on how to build a snowman?

Remember it must be in order.

Make a Christmas card for someone in your family.

Have a look around your house. Can you use things that you can find to build Santa's sleigh?

Let's get out in the fresh air. Go and collect some sticks, leaves, twigs, pinecones, and anything else you can find in your garden or on a walk.

I want you to create a collage using the things you find.

I would like you to get creative. We see so many presents wrapped in the most beautiful wrapping paper at this time of year. Can you design your own Christmas wrapping paper using patterns?
