

Activities for Dosbarth Ms.Primrose

Friday 10th March, 2023.

Hello Everyone! Another snow day! I am sure you have all had lots of fun playing outside 😊

Our story today is another one of our favourites – ‘Elmer in the Snow’ by David McKee.

There are many lovely versions to listen to on YouTube – so please sit down together, relax and enjoy!

**MARK MAKING IDEAS:**

- Draw a picture of your favourite part of the story – ask a grown up to write down why you chose that part

**MATHS:**

- Whenever we share a story about ‘Elmer’ it always makes me want to explore patterns. I would like you to see if you can make a simple repeating pattern outside in the snow using sticks and stones, a grown up could do one first, e.g. stone, stick, stone, stick, etc. Can you recognise and copy the pattern? Can you make your own pattern and describe it?

**SHOW AND TELL:**

- We always have ‘Show and Tell’ on a Friday and I am a bit sad that I am going to miss that, so I would like you to choose something special (toy, book, photo) and draw a picture of it – try and say why it is so important to you.

If you don't manage to do all of these activities then please don't worry, but if you do any then.....

Please remember to email photographs of your amazing work (and beautiful smiling faces!) to:
